

## IFB-316 Wireless IFB Transmitter

## BT-02 Wireless IFB Receiver

### Features:

Dual color water proof case for receiver belt pack

3.5mm jack for talent earphone

Low delay

High quality Audio

Wireless transmitter fit for most IFB system

Type-c connector for rechargeable battery

### Technique Features:

Frequency: UHF: 868MHz, UHF: 500~980 MHz, VHF : 160~270MHz

Range: 200m in Open area

Audio signal-to-noise ratio: 96dB

Frequency Response: 20Hz-20KHz

From microphone input to audio output delay is less than 3ms

digital modulation method: pi/4 DQPSK

sampling frequency : 48KHz

### Transmit:

transmitted power: 10dBm

Band Width: 300KHz

### Receive:

receive sensitivity: -96dBm

SNR: 96dB

### Power:

IFB-316: XLR-3 (24VDC)

BT-02: AAx3
